Procedure

Activity 1: As a whole class, discuss the idea of “courage” and examples of courageous people. Note the ideas on the board. Then, have a few students find formal definitions of the word “courage” (in printed dictionaries, on-line, etc.) and write the definition on the board.

Activity 2: Divide the class into groups of 3-4 students. Distribute 3 selections from the provided list of situations that occur in *The Lion, The Witch and the Wardrobe* to each group. Using the dictionary definition of courage, have them evaluate each situation as either being or not being an example of courage. Groups should provide and make note of specific reasons for their choices. Each group will then select one of the situations to dramatize and act-out for the class. As each group presents, the rest of the class will guess if what they saw was a demonstration of courage or not and compare their thoughts with those of the group presenting.

Activity 3 (conclusion): Individually, students will then write a paragraph describing a time when they showed courage and explaining how it made them feel.
